FOR IMMEDIATE RELEASE
(Tuesday, August 10, 1999)

NRC ADVISORY COMMITTEE ON NUCLEAR WASTE
TO MEET IN ROCKVILLE, MARYLAND

The Nuclear Regulatory Commission's Advisory Committee on Nuclear Waste has scheduled a technical meeting September 14-15 in Rockville, Maryland.

The meeting, which is open to the public, will be held in conference room T-2B3 of the agency's Two White Flint North Building at 11545 Rockville Pike.

The Committee will use this time to: prepare for sessions on risk communications with stakeholders this fall in Las Vegas, Nevada; discuss the results of the Arthur Andersen review of the agency's waste management activities; and receive progress reports from NRC staff on the decommissioning standard review plan and the status of dose models, and the waste management research program plan.

The meetings will begin at 8:30 a.m. each day.

Those wishing to make oral statements should notify Dr. Richard Savio, 301-415-7363, in advance. Other aspects of the meeting, including opportunities for public comment, will be described in a forthcoming edition of the Federal Register. ACNW meeting notices, transcripts and letter reports are available on the internet, at <http://www.nrc.gov/ACRSACNW>.
