No. 99-81

FOR IMMEDIATE RELEASE
(Tuesday, April 20, 1999)

**NRC PUBLIC DOCUMENT ROOM TO BE CLOSED
DURING NATO SUMMIT APRIL 23**

The Nuclear Regulatory Commission's Public Document Room at 2120 L Street, N.W., in downtown Washington, DC, will be closed Friday (April 23) because of its proximity to the area where the NATO summit will be held.

The summit, which will bring leaders of nations in the North Atlantic Treaty Organization to the capital, will cause a number of streets and government offices to be closed in and around the Federal Triangle area.

The Public Document Room will reopen on Monday (April 26).
