NRC HOLDING FINAL PUBLIC MEETING ON PROPOSED CHANGES TO EMERGENCY PREPAREDNESS REQUIREMENTS

At the request of stakeholders, the NRC is holding an additional public meeting September 17th to discuss proposed enhancements to emergency preparedness regulations and proposed changes to related guidance documents. Eleven previous public meetings have been held on the subject in conjunction with the Federal Emergency Management Agency. However, this final meeting will focus only on the proposed NRC documents.

The meeting will be held from 12:30 to 4:30 p.m. at the Bethesda North Marriott, 5701 Marinelli Road. At the meeting, NRC representatives will summarize the changes proposed in the rule and supporting guidance. Attendees will then be able to ask questions. Attendees are encouraged to read the documents on www.regulations.gov (Docket ID NRC-2008—0122) before the meeting.

Teleconferencing and Web conferencing capabilities are available. For more information on registering to participate by phone or Web, see the meeting notice at: www.nrc.gov/public-involve/public-meetings/index.cfm.
